HQ PM(A) Newsletter: July 2025

SO2 Witness Manager

Maj Matt Benn-Edwards has joined the RMP Inquiry team as the SO2 Witness Manager. He is here to provide support to all RMP witnesses that are requested to provide evidence to the Inquiry. Initially he will be supporting witnesses through the process of providing written evidence and, should witnesses be called to provide oral evidence, Matt will be on hand to provide support through that process, too.

Matt can be contacted via the multiuser mailbox during normal working hours, or out of hours by appointment, and will soon be contactable via phone. We are unable to provide the phone number in this edition of this newsletter, however Matt can be contacted via Microsoft Teams at: +44 303 372 6554.

Witness Support Leaflet

This Witness Support Leaflet has been written by the RMP Inquiry team to provide you with further knowledge and clarity on information that you may find useful regarding statutory

inquiries, this Inquiry, and the process of providing evidence. It sign-posts useful links and aims to answer your frequently asked questions.

Please contact the RMP Inquiry team at the multiuser mailbox if you have any feedback.

Disclosing Information

If you have any information that you believe is relevant to the Inquiry's Terms of Reference, you may either contact us via the RMP Inquiry team group mailbox ***or*** you can make direct contact with the Inquiry team using the contact details at this link: https://www.iia.independent-inquiry.uk/providing-information-to-the-inquiry/. If you have any relevant material to share with the Inquiry and wish to remain anonymous, you can use the IIA SecureDrop system. Further information around this can be found using the same link as above.

The Inquiry continue to reach out to individuals who they require evidence from with Rule 9 requests. A Rule 9 evidence request is made under the Inquiries Act 2005 and is a legal notification sent to either individuals or organisations instructing them to provide relevant information or material to a Statutory Inquiry. **We must highlight that the Inquiry does have the power to compel evidence under section 21 of the Inquiries Act 2005.**

If you are approached by the Inquiry please speak to the RMP Inquiry team at this email address: ARMYPM-IIAGroupmailbox@mod.gov.uk. This will ensure that the right support is in place and enables us to act as a single point of contact, as well as ensuring that the agreed processes and protocols in place for the Inquiry to interact with Core Participants, is adhered to.

If you are approached to give evidence, this is the opportunity for you to provide your honest thoughts and opinions to support this vital work.

If you have any information that does not fall within the Inquiry's Terms of Reference then we request that you report this to the Police.

The Defence Serious Crime Command (DSCC) is independent of the Chain of Command and responsible for investigating serious crime committed by persons subject to service law, in the UK and abroad. The Victim Witness Care Unit (VWCU) forms part of the DSCC and acts as a central point of contact for victims and witnesses of serious crime whilst providing support and guidance where required.
